Action Watchdog Committee

Is a community coalition of Point St. Charles created in 1981 and will soon celebrate its 30th anniversary. This coalition brings together some 25 community organizations of the neighbourhood and works with in an anti-poverty perspective towards change for greater social justice.

Our neighbourhood community organizations are spaces where citizens can work collectively within framework of empowerment to take action on issues that concern them : health, housing, income, education, justice and advocacy, food security, heritage, culture, as well as social conditions for youth, families, women, seniors, new arrivals to Quebec, and other social groups.

Community groups in our neighbourhood have created Action Watchdog as the vehicle to respond to the need for information, sharing of experiences and joint actions on crucial issues that affect the conditions and quality of life for local citizens.
